Notice Concerning Difference Between Non-consolidated Results and Previous Fiscal Year's Results and Dividends of Surplus (Dividend Increase)

BIC CAMERA INC. hereby announces that there was a difference between the non-consolidated results for the year ended August 31, 2025 (September 1, 2024 to August 31, 2025) and the previous fiscal year's results.

It was also decided, at a meeting of the Board of Directors held today, to submit a proposal at the 45th Annual General Meeting of Shareholders, scheduled for November 20, 2025, seeking approval to pay dividends of surplus with a record date of August 31, 2025. The details are described below.

1. Difference between non-consolidated results and previous fiscal year's results

(1) Difference between non-consolidated results for the year ended August 31, 2025 (September 1, 2024 to August 31, 2025) and previous fiscal year's results

	Net sales	Operating profit	Ordinary profit	Profit	Earnings per share
	Millions of yen	Millions of yen	Millions of yen	Millions of yen	Yen
Previous fiscal year's results (A)	450,356	6,383	11,468	6,142	35.88
This fiscal year's results (B)	472,422	9,476	14,636	10,830	63.26
Change (B-A)	22,065	3,093	3,167	4,687	
Change (%)	4.9	48.5	27.6	76.3	

(2) Reason for the difference

Net sales exceeded the previous fiscal year's results, mainly due to brisk sales of cellular phones, medicines, and daily goods.

On the profit side, all profits exceeded the previous fiscal year's results, as, in addition to the aforementioned increase in net sales, there was a significant decrease in extraordinary losses.

2. Dividends of surplus

(1) Details of dividends

	Amount determined	Latest dividend forecast (Announced on April 11, 2025)	Previous fiscal year's results (Year ended August 31, 2024)
--	-------------------	---	--

(2) Reason for the above

We consider shareholder returns as one of the most important management issues and its basic policy is to distribute profits appropriately according to earnings results. Under the basic policy, we will work to achieve a consolidated dividend payout ratio of 40%.

With regard to the year-end dividend, we are increasing the dividend by 1 yen per share from the latest dividend forecast of 22 yen to 23 yen, taking into account our full-year consolidated earnings results, for an annual dividend of 41 yen, including the interim dividend of 18 yen.

In addition, with regard to the dividend forecast for the ongoing year ending August 31, 2026, we expect to pay an annual dividend of 41 yen per share (interim dividend: 20 yen, year-end dividend: 21 yen).
