Starting from FY2021/8 (Sep. 2020 - Aug. 2021), air purifiers are classified as seasonal home electronics instead of personal care electronics.
As a result, the results for the previous fiscal year have also been changed accordingly in this material.
Note) For compilation-related reasons, certain results indicated in the breakdown of Bic Camera and Kojima are classified differently from those in the consolidated results.

## FY2022/8: The accounting standard for revenue recognition has been applied.

*The adoption has some impact on net sales, gross profit, and selling, general and administrative expense.
However, the impact on operating income, ordinary income and profit income is expected to be minor.

This document mentions future prospects on our business operations and industry trends based on our current plans, estimates, possibilities or expectations.

Expressions of these future prospects are associated with various risks and uncertainties. Already known or unknown risks, uncertainties and other factors may cause different outcomes from the matters included in the expressions for future prospects. We cannot promise that our expressions and expectations for future prospects will be correct, and outcomes may be substantially different from the future prospects.

Expressions relating to future prospects in this document were made as of October 192021 based on the information available as of October 19 2021, and expressions for future prospects are not to be updated or changed to reflect future incidents and situations.
